

ENERGY EFFICIENCY

Save money while saving the planet! *New Jersey's Clean Energy Program* is a statewide program that offers financial incentives, programs, and services for New Jersey residents, business owners, and local governments to help them save energy, money, and the environment.

[Clean Energy Residential](#) – There are a number of programs available to homeowners to make your home more energy efficient, including:

[Home Performance with ENERGY STAR](#) – Find out where the money is escaping from your house and learn how to put 5%-30% of your energy bill back in your pocket!

- Rebates up to \$4,000 and 0% interest loan
- Save up to 30% on energy costs
- Work with specially trained and certified technicians, who will assess your home from top to bottom by conducting a home energy audit. This [video](#) can show you what to expect.

[Rebates & Incentives](#) – Keep a little green in your pocket with these rebates and incentives for your home.

[Energy Assistance \(New Jersey Comfort Partners\)](#) – Income qualified homeowners can receive energy efficiency measures installed at no charge. Certified contractors will help you lower your energy bills.

[NJ Residential New Construction Program](#) - Looking to build a new home or gut your own? Ask about the [New Jersey Residential New Construction Program](#), which requires newly built homes that are 15-50% more energy efficient than standard homes.

[Fall Energy Tips](#)

[Clean Energy Commercial](#) - Money-saving incentives for businesses of all sizes. Including [New Jersey SmartStart Buildings](#), which can save thousands of dollars.
