

**NOTICE OF CONSTRUCTION ACTIVITIES**

**TO ALL RESIDENTS –**

**WALDWICK WATER TREATMENT IMPROVEMENTS PROJECT  
BOROUGH OF WALDWICK  
BERGEN COUNTY, NEW JERSEY  
OUR FILE NO. WA-1417A**

In the upcoming weeks there will be work at the well house in your neighborhood for the Waldwick Water Treatment Improvements project. Construction of upgrades and improvements to the Waldwick Water Treatment Systems were financed by the New Jersey Water Bank (NJWB). We will be working on the installation of PFAS treatment vessels. During this time, there is potential for the trucks holding the vessels to be parked on the side of the road while awaiting installation.

This project will benefit the community by upgrading the existing treatment facilities to comply with current NJDEP PFAS drinking water regulations. This will allow the Department to continue to provide safe drinking water to all residents in the Waldwick Water Department service area. A table of estimated delivery dates for the treatment vessels is included below.

<b>Well House (Closest Street / Address)</b>	<b>Estimated Delivery Date</b>
Well 6 (Schuler Avenue)	4/3/2024
Well 4 (Malcom St)	4/10/2024
Well 7 (Astor Pl)	4/17/2024
Well 2 (W. Prospect St)	4/24/2024
Well 3 (Waldwick Covered Tennis Courts)	5/1/2024

Please note, this schedule is weather dependent and may be subject to rain delay. Any further changes to this schedule will be coordinated via a separate shutdown notice.

*For additional information on PFAS and progress reports regarding this project, please visit the Waldwick Water Department website at [www.waldwicknj.org/pfas](http://www.waldwicknj.org/pfas) or contact the Borough Administrator's Office at 201-652-5300 ext. 227.*

We apologize for any inconvenience you may be experiencing due to the construction activities and appreciate your cooperation.
